Dear *Keith,*

**SOUTH EAST RENEWABLE ENERGY CONFERENCE 2003**

I just wanted to write to thank you personally for the significant contribution made by you and your team to this event on 11-12 December. Please pass on my thanks to Annette, Deborah, Gabriel, Patrick, Ian and Michael, both for their sterling efforts on the day and the considerable amount of work they put in beforehand in the conference administration, at a time when I know your resources were particularly stretched.

I was extremely pleased with the way the conference went, both in its administration and content. The audience was pleasingly large and engaged: the speakers were well chosen, varied and interesting and the debates motivating.

I look forward to our continued partnership and to continuing to support the progress of TV Energy in the future. Wishing you in particular the best of luck with the Bracknell bid.

Yours sincerely
